DUPLICATE ORIGINAL

STANDARD FORM 30 (REV. 10-83)
Prescribed by GSA FPMR (41 CFR) 101-11.6

- A. The purpose of this Modification (M015) is to incorporate the following negotiated change into the contract pursuant to Contract Clause I. 82 FAR 52.243-2 Changes — Cost Reimbursement. The Contractor accepts this modification as an accurate reflection of actual negotiations and in full satisfaction for performance of the work negotiated.

The contract cost is increased by \$1,280,000 to reflect the negotiated cost associated with implementation and compliance with the requirements of the Department of Energy Environmental Management (DOE-EM) Program Cyber Security Plan (PCSP). The contract base and award fee pools are increased by \$25,600 in base fee and \$64,000 in award fee.

- B. Clause B. 2, "Estimated Cost, Base, and Award Fee," paragraph (b) is changed as follows as shown on the attached replacement page:

The total estimated cost of this contract is changed from: \$167,582,907 to \$168,862,907 (This amount includes \$1,330,119 allocated to transition activities)"

- C. Clause B. 2, "Estimated Cost, Base, and Award Fee," paragraph (c) is changed as follows as shown on the attached replacement page:

The base fee is changed from: \$3,302,052 to: \$3,327,652 (less transition).

- D. Clause B. 2, "Estimated Cost, Base, and Award Fee," paragraph (d) is changed as follows as shown on the attached replacement page:

The total available award fee is changed from: \$8,255,135. to: \$8,319,135.

- E. Section C, paragraph C.1.1.3.1, "Information Security," is changed to read as shown on the attached replacement page.

- F. As a result of contract changes herein the total amount of contract shown in Block 13, of OF 307 is changed to read \$180,948,294 in lieu of \$179,578,694.

- G. This supplemental agreement constitutes final agreement of all claims arising out of or associated with the negotiation of the work identified in this modification, including changes relative to future subcontract costs. Except as provided herein all other terms and conditions of the contract remain unchanged.

SECTION B

SUPPLIES OR SERVICES AND PRICES/COSTS

B.1 TYPE OF CONTRACT -ITEMS BEING ACQUIRED

This is a cost plus award fee (CPAF) type contract for the West Valley Demonstration Project interim end state. The Contractor shall furnish all personnel, facilities, equipment, material, supplies, and services (except as may be expressly set forth in this contract as furnished by the Government) and otherwise do all things necessary for, or incident to, the performance of work as described in Section C, Performance Work Statement (PWS).

Performance under this contract shall be subject to the availability of funds from which payment for contract purposes can be made. The availability of funds is contingent on appropriations by Congress and New York State. Therefore, funding is subject to change based on actual appropriations and actual award date of the contract. Such funds will be provided for all allowable and allocable billings for cost and fee. It is anticipated that contract funding will be obligated on a quarterly basis throughout each fiscal year.

B.2 ESTIMATED COST, BASE, AND AWARD FEE

- (a) The Energy Employees Occupational Injury Compensation Program Act (EEOICPA) costs are separately funded by the Office of Environment, Safety and Health (EH). Costs associated with the Radiological Assistance Program (RAP) support are separately funded by the National Nuclear Security Administration (NNSA). The Contractor shall segregate these charges and report them separately.
- (b) Pursuant to the FAR clause 52.216-7, entitled "Allowable Cost and Payment," the total estimated cost of this contract is: \$168,862,907 (including transition costs)
- (c) The base fee is: \$3,327,652 (less transition)
- (d) The award fee for this contract shall be awarded upon the unilateral determination of DOE's fee determination official (FDO) that an award fee has been earned. The unilateral decision is made solely at the discretion of the government. This determination shall be based upon the FDO's evaluation of the Contractor's performance, as measured against the evaluation criteria set forth in the award fee plan. Provisional payment of a proportional monthly amount equivalent of an amount up to 50% of the available base and award fee for the period may be permitted.

Immediately upon the FDO's final determination of the award fee for the evaluation period, the Contractor may invoice any fee amount not previously

paid or must repay any excess amount paid. Any unearned award fee from each evaluation period shall not be eligible to be earned in any future period(s). The total available award fee for the contract is \$8,319,135. Award fee available for each period is as set forth in the award fee plan. Should the anticipated scope per fiscal year increase or decrease by an estimated 10% or greater from the scope as priced in the contract for that year, the Contractor and Government will enter into good faith negotiations to revise the fee pool for that year (and subsequent years as may be appropriate) accordingly.

- (e) Pursuant to the FAR clause 52.232-22, entitled "Limitation of Funds," the total amount of incremental funding allotted to this contract is as shown in the most recent funding modification. It is estimated that this amount is sufficient to cover performance through the period identified in the most recent funding modification.
- (f) Financial Plans: Cost and Commitment Limitations. The Contractor shall comply with DOE issued Financial Plans which establish appropriation obligational control levels (i.e. an upper limit on incurred obligations or expenditures) in the performance of this contract. A Financial Plan is a document issued by DOE that provides the Contractor with the available funding by administrative control points. For example, the Contractor may only spend Project Baseline Summary (PBS) OH-WV-0020 funds on Safeguards and Security.

B.3 AUTHORIZATION OF TRANSITION COSTS UNDER THE CONTRACT

- (a) Contract transition is a 30 to 60-day period of time prior to the date the Contractor assumes full responsibility. During the transition period, the Contractor shall perform those activities necessary to be prepared to assume full responsibility for the contract requirements. During the transition period, the Contractor shall bring to the site its management team and other staff necessary to plan and conduct those activities that provide for an orderly transfer of responsibilities and accountability. The Contractor shall coordinate its activities with DOE and the incumbent Contractor so as to accomplish these activities in a manner that will provide an effective transition of personnel and work activities while minimizing the cost of this effort.
- (b) The Contractor shall put into place any agreements it deems necessary between it and other site contractors/subcontractors for provision of services. Any agreement that requires DOE consent will be subject to a 30day review and approval period. The Contractor shall obtain all necessary permits and licenses. Available government furnished facilities, property, services and items are identified in Section H and Section J.
- (c) All transition costs shall be included in the total estimated cost of this contract.

responsible for the daily management of these services including, but not limited to, ordering, receiving invoices, validation of invoices, and payment of invoices.

C.1.1.3 Safeguards and Security – PBS OH-WV-0020

The Contractor shall provide safeguards and security for the site. The Contractor shall ensure protection against unauthorized access; espionage; loss or theft of Government property; and other hostile acts that may cause unacceptable adverse impacts on national security or the health and safety of DOE and Contractor employees, the public, or the environment. The Contractor shall maintain appropriate security clearances for site security personnel as required.

C.1.1.3.1 Information Security

The Contractor shall provide an information and cyber-security program commensurate with the types of information available on site such as, but not limited to, proprietary, privacy act, official use only, and unclassified controlled nuclear information (UCNI) in accordance with Section J, Attachment J-1. The Contractor will implement, and comply with the requirements of the DOE EM issued Program Cyber Security Plan (PCSP), Version 1.0 at the level determined applicable under the PCSP by DOE.

C.1.1.3.2 Visitor Control/Badging

The Contractor shall perform all visitor control functions for all visitors. The Contractor is responsible for creation and issuance of the DOE standard badge to all site personnel, including any subcontractor personnel and other DOE contractors, as necessary. The Contractor is also responsible for destruction of these badges and maintenance of records reflecting badge issuance and destruction.

C.1.2 WASTE MANAGEMENT AND DISPOSITION

The Contractor shall dispose of the following waste:

- a) stored waste as shown on Attachment C-5; and
- b) all wastes and nuclear materials generated as a result of activities performed under this contract, including the treatment and disposal of liquid waste.

The Contractor shall avoid generating waste with no pathway for disposal.

C.1.2.1 Low Level Waste, Industrial Waste, Sanitary Waste, Hazardous Waste

The Contractor shall store, characterize, process, package, ship and dispose of waste in accordance with applicable laws, regulations and DOE directives. The types of waste include, but are not limited to, industrial waste, sanitary waste, HW,
